Pretty Safe Rule to Go By.

Where there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of every hundred. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pills. They are sold by all druggists for 25c. per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon. For sale at The C. A. Cover Drug Co.

United States Attorney Nave, who prepared the anti-gambling bill, and incidentally sent out blank petitions all over the territory for signatures against gambling, has received marked encouragement in his answers. For example, this morning he got a reply from a prominent Yuma attorney, stating that twenty-five names had been secured the first day without any trouble at all, although Yuma is a gambling town.—Tucson Citizen.

The Territorial Bar Association has elected the following officers. Marcus A. Smith, Tucson, president; T. G. Norris, Prescott, vice-president; Paul Renau Ingles, Phoenix, secretary; E. W. Lewis, Phoenix, treasurer. The executive committee is composed of J. C. Herndon and Robert E. Morrison, of Prescott, S. L. B. Alexander, of Phoenix, S. M. Franklin, of Tucson, and Thomas D. Bennett, of Bisbee.

Sure Cure For Piles.

Itching piles produce moisture and cause itching; this form, as well as blind, bleeding or protruding piles are cured by Dr. Bosanko's Pile Remedy. Stops itching and bleeding. Absorbs tumors. 50c a jar at druggists, or sent by mail. Treatise free. Write me about your case. Dr. Bosanko, Philadelphia, Pa. For sale by The C. A. Cover Drug Co., Williams.

Express Agent Brown's Story

J. A. Brown, Wells-Fargo Express agent, who was in the Santa Fe wreck at Williams, Tuesday morning, when No. 8 collided with a switch engine which was standing on the main track, was in the city yesterday and left last night for his home in Los Angeles, where he will take a lay-off and recover from his injuries. Mr. Brown received a nasty gash in his left temple and was otherwise injured. "It was my first wreck, and I do not desire to be mixed in another," said he to a Journal reporter last night. "We were bowling along at about twenty miles an hour, when, all at once, there was a crash, and when I came to, the natives were in my wrecked car looting it. I picked myself from the wreckage and made a scattering and then went out of the car. Both of the engines were badly smashed and the two baggage cars and smoker derailed, and quite badly smashed up. The engineer on the switch engine was killed, as was the fireman on No. 8. None of the passengers on our train were injured in the slightest degree, though there were some bad falls sustained by passengers in the smoker. I do not want to be in another wreck."—Albuquerque Journal.

The Pima county representatives in the Arizona legislature are not unanimous for the bill introduced in the house repealing the laws licensing gambling and making that traffic a felony. N. W. Bernard, seated as councilman for Pima and Santa Cruz counties, does not favor the measure. Mr. Bernard stated that he believed in "tapering off," and he thought the city government of Tucson had gone too far.

GENERAL NEWS NOTES

Bisbee will vote for \$75,000 bonds for building a new school building February 20.

Postoffice established at Puntigny, Yavapai county, Thos. A. Miller, postmaster.

The comptroller of the currency has authorized the First National bank of Yuma to begin business with a capital of \$25,000.

A new court house, to cost \$40,000, is proposed for Gila county. The old one is in such poor condition that Judge Kent refuses to hold court in it.

The "little" newspaper men of the Salt river valley have commenced to make faces at one another. The smallest newspaper men in the world grow in the Salt river valley, as their charges of \$5 a column on legal advertising is below the rate of the Arkansas editor who works for "hoop-poles and pumpkin."—Prescott Courier.

The government should always set the pace of paying living wages to those who work. The people do not demand that their servants shall work for less than a sufficient sum to decently clothe, feed and house themselves and their families—all shriekers for political effect to the contrary notwithstanding.—Prescott Courier.

A bill has been introduced in congress to increase the pension of the mother of Captain Buckley O'Neill, who was killed when charging San Juan hill in command of a company of President Roosevelt's Rough Riders. His wife was left in good circumstances and afterwards married his brother, Eugene Brady O'Neill, a leading man in Arizona affairs. Buckley O'Neill's mother lives in Washington, being supported by a small pension which she was awarded on the death of her husband, who fought all through the civil war, receiving many wounds and disabilities.

The last spike in the Salt Lake road was unceremoniously driven in place last Monday. The actual meeting place was on Dry Lake, about four miles from siding 31 (Goodsprings) in the state of Nevada. While trains can run from Salt Lake to Los Angeles still the road is by no means completed and it is doubtful if regular passenger traffic will be inaugurated before the first of June. About twelve miles of the present road will be abandoned when the tunnel near Bird Spring's Pass is completed. When this piece of road is finished there will be ceremonies in honor of the real completion of the road.

Mrs. Barnes' Injuries

St. Louis, Mo., Feb. 1.—The suit of Mrs. Belle Barnes, widow of the late Judge W. H. Barnes of Tucson, Ariz., against the Clarkson Concession company, which operated the jirrikishas and roller chairs at the world's fair was withdrawn today. The original amount asked was \$10,000 but it is said the suit was compromised for \$1500.

Mrs. Barnes in her petition declared that she was thrown on July 6, from a jirrikisha, a two wheeled vehicle drawn by a man stationed between the shafts much resembling horse carriage shafts. She alleged that the man was running and one of the wheels dipped in a depression throwing her and fracturing her right leg.

Among the witnesses of the accident was Bird S. Coler, former comptroller of New York and recent democratic candidate for governor of New York, whose deposition was introduced.

Phoenix is Flooded

Phoenix, Ariz., Feb. 4.—The greatest flood since 1895 rages in the Salt river. The latter is now two miles wide.

Three feet of water surrounds the Capitol building. The Legislators reached there today by ferry.

The Maricopa and Phoenix bridge over the Gila river cannot withstand the flood many hours longer. Thousands of acres of land to the northwest are overflowed by Cave creek torrents.

With water still rising, the inhabitants of Salt river bottom lands are forced to flee to higher ground.

FOOD FOR BOYS and GIRLS

The more natural diet is more palatable, invigorating and strengthening to body and mind—right to the contrary with unnatural, improperly prepared food, which stunts the growth, dwarfs the mind, causes a lack of will power, and steadiness of nerve. No doubt that fifty per cent of the failures in life can be traced to improper diet when young.

DR. PRICE'S WHEAT FLAKE CELERY FOOD

is a natural food, and is healthy for growing children. Let the children try it, and note after continued use the mental and physical vigor it imparts.

Palatable—Nutritious—Easy of Digestion and Ready to Eat
